Correction for VP5BH QTH.The Call is W4OMW and not W4OMV as reported by error in last weeks Bulletin.---------Heard from Eva,CN8MW,that PY7AN/Ø does count for DXCC.(?-ed) DE-W1WDD

*

Notes from W8YIN:
de VS6BK & VS6AL- VS1EW was Ted Henry's small EUD rig but seem's been active gen.Also VE4JT usually on SSB at 1130-1230Z 14305kcs.VS6AE is now in SSB.------Yes,ex SP3WN,now SP3CX,active on 14/50 mc. Looking for W QSO'S----------de FØRQ - Guy is not going on trip with VQ4EO-never intended to.He merely tried to make some licensing arrangements for Pedl.---------de K1AA- Been on SSB since August-usually on 15 meters 1630 Z 150 watts every Tuesday and Friday for Sked-after sked.QRV for W QSO's.---------de ZS???? can't say who yet.Very Q.T.but a terrific DXpedition is in the making to a very rare prefix--all band all-mode operation planned.Will pass along info as soon as I get permission. (you do that-ed).

Peggie,(W6ITH,KS7RT AN D PJ2MC) went to the Island of Anguilla and operated as VP8RT.His purpose was to work a few stations before submitting that Island to ARRL as a new country.He is packed and ready to go back and operate if it is a new country.

*

On 12-24-57 @ 1148 worked KF6AA who is on Lisianski Island in Pacific. His name is Ty.Lisianski is N W of KH6 land.He says QST and CQ will announce new country status in next issue. Anybody also work him? DE-W9ABA

*

KH6OR is checking legality of KF6AA with FCC in Hawaii and Midway Island.

*

ZD7A retained his call while in South Africa and will be back in ZD7-land.

*

VK9XM will soon be operating from Christmas Island.(ZC3-land).

*

W4GRP suggest that fellows reporting VP8's and LU-Z's state in right hand column where they are located.

*

Re: PY7AN/Ø country status. I have received word from Bob White,W1WPC,that it will count as a new country!!However not until May 2,1958.Thats the official word,pardner's.
Re:HA5AM/ZA. Have received word from Eva,CN8MM,that he uses 14020 and 14040kcs.Also,he operates for 20 minutes then a 10 minute break.This approach should stump the DX hogs. DE-W1WPC

*

W5KBU hears that HA5AM is a Airline pilot.This accounts for his ability to travel from home to ZA-land once a week.

*

WA2WW request help to QSO with any KC6 or KS6 fone or cw.Anyone help?

*

CN8LF trip to Monaco(3A2) has been delayed until February.----------
HS1A is pulling stakes from Bangkok in June.HS1C has his original 50 watt rig an d Hal is on CW daily at 14020 with a good signal(where-?-ed)-----
-----HS1C is due on any day on AM fone.---------VR1C runs 20 watts to and 807.He has a great deal of power trouble and at times he is down to 10 watts He told me his QSL cards were due from Australia and that he would QSL all contacts.He cannot be on every day due to the power situation.He is usually on at 0500 Z on 14180,but he will be on CW just as soon as the Xtals reach him that I airmailed.14104 and 14002 kcs. Dorward Tucker, W5VU prepared this chart from data in the "Basic Radio Propagation Predictions" as put out by the National Bureau of Standards. He has picked various representative paths having mostly the countries furthest away and most difficult to work, working the data down to a tabulated form showing the optimum frequency for each path around the clock from 00 GMT to 24 hrs GMT.

The data is for a path from Dallas, Texas to the countries involved. Bearing as shown on the chart is the direction at which one should expect the signals to arrive.
The charts are calculated for <u>exact path</u>.
The frequency listed in the squares is called F.O.T. It means Optimum Traffic. It was formerly called O.W.F. (Optimum Working Frequency)
The propagation data-at best, is an average for the month and actual conditions from day to day will vary. Data for adjacent months may tend to run together-in other words, near the end of January actual conditions may be more like the data for February. On the other hand, actual conditions may show that the January data is more applicable than the February data for the first few days of February.

W5VU has offered to share this data with the Club each month and if it is of sufficient interest to the club members we will continue to run it each month. O yess he figures that it would certainly be good for anyone within 500 miles of Dallas. DE-The editors

MP4KAM has been on SSB abt two weeks.QTH is [illegible] in Calibogie.Usually on 2000-2100Z using HT-32 & HT-33,SX-101 and 3 element.
Worked Joe,VO8AE,who was on his way to KS6 and VR2 land. He is [illegible] and is using KWM-1.(attn.VE2WW) DE-W8YIN

*

Contacted CN8FQ who said he would try to get started on his trip to SA7-land around the 6th of Feb.He said he would be there 30 days.He wants to try for the Ranger while he is there. DE-W1WDD

*

[illegible],who is visiting ZL2GX was overheard saying that he would be back home in 2 months operating with more power and better modulation. (but not quite as much or as good as Jock's.-)

*

DD5AM has left for KW1-land and it will take him several days to get there.-----CX6VA might operate from Juan Fernandez Isl, within the next 2 months.This Isl is about half wat between Easter Isl. and the mainland on Chile. DE-W8GZ

*

Overheard a W8 in QSO wid a W6. The W8,apparently so pleased with QSO wid ZC3AC by skeds,was heard requesting the DX sid in getting [illegible] skeds on Reg's next trip.Where does the DX sked business end? Anonymous

If anyone can help me locate VO6AJ of 1946(would appreciate just name and address from old call book) I can perhaps confirm for another country. DE-W4GRP

*

Can anyone tell me how to get a QSL from KA0RJ,operator Woody. IRC's and SAS envelope don't seem to help much. DE-W5TPC

K4LNM talked to Evelyn exKS6AD.Via VK4QR. She told Randy that the trip to VR5 land (Tonga) has been called off.The reason for her not going to Tonga is that there is no living accomodations for them and the gov't will not let them go under those conditions although she did get permission to operate from there.(I heard her OM tell a W4 that they would stop at Noumea,New Caledonia on their way around the world.-ed) DE-K4LNM

Stan,VK9AD is rebuilding his rig so he can operate 15 and 10 meters.Will have an 813 and MB150 in the final.His present rig and the new one will have no provision for CW.In fact he said he wanted to work KV4AA so much that he had to jerk his B plus line loose and key his rig with the hot wire in his hand. Although the date may be changed Stan expects to have the W6UOV SSB rig to use for several weeks starting May 1,1958.

HS1C has this to say:Please tell the DX gang in the states that I plan to QSL 100 per cent.After each operating period I make out the cards. I hold them for two months because many of the fellows send cards to me with sas envelopes and/or stamps for my return and my mail is not very fast coming this way(sometimes one month).All the cards that I hold over two months I send to the QSL Bureaus.The fellows that send the self-addressed envelopes get their cards the fastest! [illegible] interesting poop about PY1CK's trip to Fernando de Noronha:

[illegible] stations in 85 countries were worked,mostly on phone; 162 wor[illegible] in each call area was:W1ME,W2BRV,W3HPO,K4AIM,W5WMK,[illegible],[illegible],W[illegible](1st US ham worked),W9JJF and WØNWS.
[illegible] stayed on the Island 10 days(Jan.23-Feb.2).Rig consisted of DX-100 xmtr leased by PY1BYM,three tube converter running into PY7SC's receiver and folded dipoles for 7.21,14 and 28 mc.As you know PY7AN also operated From this same spot during Dec.13-16,1957 and any post-war QSO with the Island will count as a new country.DXCC credit will begin to be given May,2. I will be back to the Island during the first week of April,with possibly other PY's (PY2CK,PY1AQT,PY2AK and PY7AN,I hope).In the meantime,look for PY7SC and PY7AFN,who live on the Island.PY7SC,Mac,will be on 14mc. [illegible]e and also some CW,with a collins 32V.PY7AFN will be on 14mc. also, probably more on CW,perhaps during this month. By the middle of the year they will have their calls changed to PYØ.There are more Hams living on the Island but they can operate 7mc. phone.(only).Regarding Trinade Island CV-Joe has postponed his trip indefinitely,but whenever he goes,there will be plenty of advance propaganda. Vin-W5VU.

Just received an Air letter from Olle,SM5KV-in part it says:
1-SM5KV is handling SM8AQT/SM/P(Svalbard) QSL's.
2-Olle will receive logs by radio as no mail until May
3-SM8AQT will handle such URGENT tfc to SM and LA.All stations are asked to call him only when he is not handling tfc.Don't call him unless he calls CQ-Don't break up his skeds.
4-If you work SM8AQT-mail QSL and 2 IRC's and addressed envelope to SM5KV.
5-Anyone wantint to donate cards-get in touch with me(W5FXN).I'll donate a bit too and mail to Olle.

Ash,again that follows sending cards to W5FXN for JA0PN to be sure and include: one IRC,self addressed envelope,their QSL for the QSO.(OK-ed)

From VS1FJ-re:Maldives.Large planes are now landing at the air field. A convoy left carrying complete signal equipment.There has been no AC power on the Island.The local government said only Nationals could operate from there.The paper work is now rolling to permit operation by other that Nationals.Expect to have activity in 2-3 months.----------SM7BYG will be on from Trucial Oman between March 13-20. on both 15 and 20.A1&A3. ----------CR9AH,John sez that if he can promote the equipment,there is nothing to keep him from going to CR10.He has a three week holiday coming.

YK1AT is off the air since March 14.-Shut down-,He will let Beda,OK1MB, know by about April 1st what is to happen.Meanwhile no more QRX on 14325kc. for them.-------Beda is after the first Eu. WPX.He has 450/250 DE-W9HUZ

*

VK9LE is no longer on SSB.He was on for 4 days with W5UOU's rig.Rig was shipped to VS1HS for VR2AF to pick up for his trip.----------
Rcvd. letter and QSL from VR1C.He has been having trouble with his gear and has been off the air but expects to be back on any day.on CW. He is trying to build a VFO but he should be on 14002 on CW.DE-W7PHO.

*

Lambert,ZS6IF plans a DX trip to ZS7 land in July.He has the license and also mentions ZS8 and ZS9 as a possibility.One catch ! He needs a complete rig,such as a Viking Adventurer and a medium sized rcvr. Wally,K9BVR is acting as his agent in the States.Those willing to do so can send their contributions towith their call letters to K9BVR, so that Lambert will get all their calls correct and they will get preference with QSO'S and of course,QSL'S.--Wally.K9BVR,1506 N. 43 St. East St. Louis,Ill.

"NEWS"

Big news this week is ZD7SA.Operator is Bob Treese.He says to send QSL's c/o Post Office,St. Helena Island.Frequency is from 28047 to 28062 kcs/ CW and time is from 1657GMT to 2125 GMT,according to reports.(See CW reports-ed) DE-WØMCX,WØJUV,W5LRI,WØBSK,W9ABA and W7PHO.Thanks fellows!

*

YK1AT is off the air.Meanwhile Beda,OK1AB,asks that NO QSL'S be sent direct to YK1AT.QSL only via OK1MB.
Central Radio Club,UA3KAA(USSR),is organising a DX contest.Time-2100GMT May,10th to 0900GMT May 11th.CW only.Frequency-28,21,14,7 and 3.5mc. Contest call will be "CQMIR"(means CW world).Send numbers made up of RST plus QSO number.Logs should be sent not later than May 25 to Box 88, Moscow. DE-W6NTR

*

ON8JX says JT1AA is active around 2330GMT on 14066kc.Also 9K2AN on 14069kc at 2240GMT. DE-K5BGB

*

Just got QSL from JS1MS from W7GHY with S.A.S.E....DE-WØBSK
I need QTH of PB8CE.Tried ZS6ANE,he does not know.Anyone have this info or know how to get a QSL from him? DE-W8FPR
Overheard VØVC call a VK2 that he and ON4LU will be at VK1FC again this July.. DE-W4GRP
Worked 3A2CF,2-23-58. Sent Card to 3A2AH who returned it and said that 3A2CF was a phony and the last call issued was 3A3XE..DE-WØMCX
ZD7SB was on 28051kc. before ZD7SA,same day,with apparently the same rig as the note was rough..DE-WØMCX
I heard a W5 telling a W6 that a VU was going to Nepal soon and will be on SSB for one week as a VU7..DE-K4LNM

*

CR9AH,John had definitely planned on going to Port.Timor however like many other well laid plans,it looks like this one is going to fall through. Bizzosk roadblock was master of money.But all is not lost,CR9AH and VS6AZ have started the ball rolling to get CR1ØAA to be more active.A long Radiogram left Macao to CR1ØAA asking him several questions.Bob,W3GHD, has offered a gas driven generator producing 6 V.D.C..This,with the dual vibrator supply sent by a W2,should do the trick.WØUOU has offered his little SSB rig after June 1st,if the present CR1ØAA will become more active.CR9AH and VS6AZ stated they would send him a better CW rig. DE-W7PHO

*

From January 25 to March 10,Jan,OK1MX has the logs of JT1AA.Jan is making out the cards for QSO's between those dates.
Any duplicate of a confirmation,lost under way,of a contact made before January 24 may be speeded up if the time and report given by Ludvik is attached.
Cards for JT1AA or JT1YL should be sent ONLY to OK1JX,either to his home address or via the OK bureau,which has been changed.(See QTH'S-ed) DE-OK1JX

*

"QTH'S"

ZS6JT/ZS8--QSL to W8GCN
VS4JT--QSL to K6GMA
FK8AS--needed by W5QCB (it's in the callbook-ed)

"QTH'S"

OK1JX--c/o P.O. Box 69,Praha # 3,Czechoslovakia.(this zone 3 is new)

*

Good news for all who need a Vermont QSO and QSL for their "WAS". [illegible],W2CTO and [illegible],W[illegible],will be operating in Vermont on May 29,30,31 and June 1,1958 Activity will be on 14mc. only.CW on 14010kc. and 14110kc,SSB on 14170kc.100% QSL.

Bill,I1ADW is thinking about going to San Marino again this summer. He was pretty disappointed about the way it worked out last year mainly because he didn't get much sleep.So this year he may take other operators along with him if he goes.This year he has a better rig also.He says he will pass the word as soon as he knows definitely when he will be there.

Reg Tibbetts says that he may get on from VP8NT again on Sunday or Monday April 6th or 7th.Probably the 7th.He will be on 10-15-20 SSB only. Incidentally,Reg says no action yet from the ARRL on VP8,but as many have asked him when he was going there again,he's not going to wait any longer.

PY1CK/Ø will be on from Trinidade Island around the end of April.He will work AM fone and SSB.

I have a letter from Martin,VE3MR,who,with TI2RC,TI2HP and others is going to HKØ land and will be on April 11,12 and 13th.10-15- and 20 SSB. On 20 meters frequencies will be 14,303 to 14,321 in 3 kc. steps with the KWM-1 and operation on 15 and 10 will be in the regular SSB areas. From HKØ they will go to YN1AP to operate,then to VP1,then to VP5 Caymans, if possible.Martin also will be on in May from FP8 he says.

DE-Bob,WØQVZ

**

W7AQB says he worked C1A on March 26 at 0730Z,14044kc. C1A stated he had been permitted to operate as of March 22 and to send the QSL to Radio Peiping and he would get it.Code heading was OK but his English was rough.C1A's final sign off comment was "I HOPE PEACE".----------

VS1HZ says they are planning activity from the Maldives between April 15 and May 15 on CW,SSB and AM.Call will be either a VS1/VS9 or a VS9 call

Hot scoop Via W8CZ:ZD7SA will be on Fone on 28350 most any day now.Still active on CW from 28030 to 28060,2100GMT to 2400GMT.He will mail first batch of QSL cards(about 300 cards) about April 19th (next ship time).

ZD8JD active on Ascension Isl. 14 and 7 Mc.Will be on 20Mc. within the month.Running 100 watts.Exact frequency not given.ZD7SA runs skeds with him.

Station signing VQ1AD called CQ on 21055 Kc. CW at 1940 GMT 5 April. RST-589.Called,no results.

**

Via a VS1:April 15 to 20 there is good possibilities that a VS9 will be on from Maldives Isl.Fone and CW all bands.

Via ZD7SA: ZD8JE uses frequencys 14020 and 7010. DE-W7SGN

**

CR9AK,who works for the government radio station,has sent CR1ØAA a telegram asking him why he wasn't more active and if it was a matter of electricity,would he CR1ØAA,become more active if a means of electricity could be secured for him.He sent a telegram back stating he would definitely be more active but it was impossible to get on now with batteries.He was asked if a gas driven generator was sent to him putting out 6 VDC would do the trick.He replied yes.

W3GHD has such a generator and has generously offered to get it ready to ship.The cost of shipping it would be approximately $50.00 .

This news comes to us from Bill,W7PHO.Bill suggested that we solicit the fellows in our club to send in a donation to help defray these expenses.Bill also wants it made clear that it is NOT a dollar a card deal.If you do want to chip in it would probably be best that you mail any contribution direct to Bob,W3GHD.

Lasse,SM6BYG told me in QSO 5/11/58 that he operated as SM6BYG/MP4T on May 1 and 2.He made only 2 QSO's on Fone,W4HA and W4ANE,the remainder were on CW.Unfortunately these QSO's won't count for DXCC because Lasse said he was operating on ship board anchored 1 mile off shore of Dubai,Trucial Oman.He didn't realize this wouldn't count! He returns in 3 months but says operation would be almost impossible from shore.! DE-W4QCW

KV4AA advises Danny arrived Funchal Madeira Isle. noon GMT May 13. (no operating ashore there.)leaves in a few days for KV4AA who skeds hims while at sea on 14002 kcs. daily at 2230Z.Danny due to arrive KV4 about June 15.He will operate on FYØ and the six new countries in that area that will be announced in June QST.Dick advises that Danny can use some operators to help with these new countries and also says the Yasme can sleep four comfortably.Expects it to take about four months to cover all the new ones in the area.(He will make YVØ too) DE-W5NW

*

VS5JL says he is leaving Brunei May 26th.Also says he will be on 20M most Saturday nights between 14-1600 GMT looking for W/K QSO's. VS5AT and VS5BY are at the moment testing their homemade rwigs and expect to be operating very shortly.Probably on 21Mcs. DE-W5GNG

*

K2MGE said that a TI2 and a W5 told her that they heard VR2AP operating from CR1ØAC testing his rig on 14303kc at 1335Z but he sind his receiver was shot so he was unable to make any QSO's.(he should know ZL1---secret-ed DE-W5KBU

HL9KR went on SSB May 7 for first time.He uses 14130kcs and cannot use any other frequency because of government regulations.He tunes American and foreign SSB freq. starting around 14260kcs.Begins operation at 0900Z and I have worked him as late as 1800Z.Worked him twice at 1300Z.

ZS2HX thinking of SB expedition to ZS9 in early fall.

DE-GI3CWY - VPØRT counts as new country beginning June 1.(I imagine he means confirmations will be accepted after June 1--YIN)
EI6W is building SB exciter.

DE-HB9IE--Danny is active from shipboard at 2300Z on 14309kcs.SSB.

DE-TG9AD-G3AA going to GC3AAE May 16-30 on SB. DE-W6YIN

2AFC reports that he is on at odd moments between 1600 and 2000 GMT. Mostly on 15meter Fone.
FP8DB-turned out to be a PIRATE.Worked a lot of fellows in french contest. FP8AF confirms by letter that he is the only Ham on the Islands.
DE-K4EHA & K4EJO.

While I was typing page 1 W5IDU called and had ZD7SA on the hook.14083 0030Z.I turned around and flipped the filament switch onx and waited for the rig to warm up.7SA came on calling me-he signed and I threw the plate switch on.-WHAM-blew a fuse.Blew another-Blew another.#&$'&(#

From Ranger ZD6NZ:ZD6AA now extinct and no logs kept as far as I know. Present Radio Engineer is not a ham.ZD6NJ is on CW 14070 most morning about 0400Z.ZD6NN on 15 and 10 Fone 1600-2000GMT most days.
I am leaving for U-land now and will be gone intil Sept.

From Johnny Gonne,FK8AL,Box 151,Noumea.Working on WADXC award.I have about 200 QSL's to be sent and I'm very QRL busy.I cannot work on the air since many weeks because I use parallel 6146's in the final and they are going down and one is dead now.I have tried to get them in the Noumea shop but it is such a little town and new tubes like the 6146 are not available.

Effective June 1st 1958 the ARRL DXCC country list will be amended to include the following countrys:

1- Anguilla	VP2
2- Antigua and Barbuda	VP2
3- British Virgin	VP2
4- Dominica	VP2
5- Grenada and dependency	VP2
6- Montserrat	VP2
7- St.Kitts and Nevis	VP2
8- St. Lucia	VP2
9- St. Vincent and dependency	VP2
10-Jamaica and Cayman	VP5

You can not get credit again for the particular Island that you used for Leeward and or Windward Island groups. In other words if you used VP2KM in St. Kitts for your Leeworde credit all the Islands listed above in the Leeward Island group would be new for you except St.Kitts .The same applies for the Windward group.

Bob White, W1WPO, gave us the information above. Bob advised that since it is rather complicated you check your copy of June QST for the complete story. Editors.

UA0IJ is on Beringouskit, not Wrangel.
VE3MR's Andorra trip is off, but PA3FG will be active in July. On SSB too. VE3MR will be on from VK this weekend but he doubts any other near near east activity.
W4RQR will be on SSB from Caicos May 23 and from Barbados May 24. He is also working on a June trip to VP3. (June 1st)
YS3PL will have his KW on SSB shortly.
MP4BDW, Bahrain, is active on 14mc. SSB. DE-W0QVZ

Via W1GXX-The present ZM6AS is good but has no QSL cards. The authorities saw fit to reissue the ZM6AS call prematurely as soon as the original ZM6AS returned to New Zealand.
Via CR9AH-CR9AC has been off the air due to receiver. Through W6UOU, CR9AH is shipping a BC342 rx to CR9AC. yum yum.
XV5A-Dundy passed through Seattle and we spent considerable time with him. He was on his way back to Saigon. He is doing everything possible to make the call XV5A legal to work to the US Mas. He plans on going to Laos in the near future and will use a Zenit.
VQ8AJD-Cyrill's call also for cards. He runs 40 watts and as he will QSL. He drifts as much as 15 kc down during QSO. DE-W7PHO

From W3GKD- The generator was shipped to CR10AA via U.S. lines out of Phila.,Penn.I have been informed that it would go on the Steamship,"Pioneer Mist" sailing either May 16 or 17.It is supposed to take 25 days to Hong Kong where VS6AZ will see that it is transshipped via CR9AE to CR10AA.He should have the gadget within 60 days. Then he should be more active as his chief trouble is supposed to be dead batteries.Let's hope that the operation will turn out OK and we get some action from that direction.
(Only 6 persons so far have sent donations to help Bob with the shipping charges.He is making a gift of the generator itself. Any money left over will be sent to CR10AA to help him buy gasoline.)

"NEWS"

PY7NA has left Brazil bound for Trindade Island.He departed the 25th and should be on the air by the 25th.He plans to operate for 4 to 5 days using the frequencies:14110 - 28300 - 21200.PY2CE says that they will QSL for 1 (one) QSO only and ask that fellows work them 1 time only.

**

Barry,VS1BS/VS9 was leaving for Singapore on Saturday but the little rig will stay on the Island.Just as soon as he gets back the boys will start on the QSL'ing.

VS1FJ-Nicobar Islands- The VS1 boys are trying to promote a station on these Islands.There are about 30 Indian Nationals stationed on the Islands.The VS1 boys are applying for a license and if they can't make the grade they are going to try to interest some of the Nationals to get a license and the equipment will be sent to them by the "RAF" boys in Singapore.

Spratelv Islands-VS1HX is in charge of making arrangements to get some of the VS1.guys to these Islands.They plan on going there this summer.

W6BYB and W6CLS are leaving for the Fiji Islands in June(28) and they are trying to make a deal to get on from VR5 but it is rough.

VQ8AQ,Willy,from Rodrigues has been assigned to Seychelles and his call will be VQ9AQ.He is waiting for a boat to get him up there.

VR1C-Leo of WRL has donated a 65 watt rig witha vfo.The equipment left the states on May 16.Denny will be active just as soon as the equipment arrives.Both Fone and CW.

ZD1FG-Received letter from Art and his new transmitter is due to arrive from London before June 8.New rig is 150 watts on CW and 120 on Fone. He is getting some bamboo poles 60-80 feet high and is installing some good antennas. DE-W7PHO

**

Ray,CN8GU now has the KH7AA logs and will handle QSL's for him.But he must have a self addressed envelope. DE-W9HUZ

**

W3MDE sends us a different QTH for CN8GU.Don't know which one is right maybe both.it's: CN8GU,1975 A.A.C.S.,APO 117,NY,NY.

**

In a letter from CE3KI Art says"I am in the thick of things for the I.A.R.U. Region 1 conference to be held in Germany in July.I shall be away andout of the country from July 18 to August 18,so don't write or send any cards which might arrive between these dates please. DE-W9KXL

**

Rumor that EA2CA may go to Ifni very near future.Possibly June. Also ZA U.N. sta. operating in Geneva,may count.(?) DE-"TIP-OFF" byUXCC3X.

**

**

VK9XU the large on "LONG LONE Island" may be active in 10 days or sooner with 100 watts 20 meter fone and cw. DE-VK5HY via KV4AA

**

KA2LJ Operator "TAD" on W9CAF and W9WDA is very active on 20 meter Fon Using 32V-2 to twin "V" Beams. DE-WØAJU

"NEWS"

Normal daily/2A QSL cards coming thru.----------SV5AH tells us that all SV5 licenses were cancelled in early February due to the local situation----------LA5O,John,says that rumors to the contrary, he will not be going to Jan Mayen this summer as Navy duty prevents. He will probably go to BRAT TRIAN next year.----------VK3QL tells us that VK3QM has not been licensed for Ocean-Hopping.VK3AJF continues from the 40M and may be heard in the morning and occasionally long path, over LW, in the late afternoon(PST).VA9GZ licensed on Christmas Island (Indian Ocean).----------Vic Thorne,ex-SS0HX,now knocking 'em off on DV as YO3IC in Temporaria.----------ET3PAM now active from Ethiopia on Micro CW.----------Roger ZS6AJ handing out Lacs CW contacts on 14020----------Vic W3YQ,advises that Don,W1JXI, will return to his 0600% to 0800% daily routine,except Thursday and Sunday(GMT)come June.-DE-W6

*

From VK2QL: Sometime within the next 2 to 5 weeks VK2AYY will make a DE-pedition to Lord Howe Isle, and will sign VK2AYY/LH.He will be there for one week and will be on all bands-CW only.All cards are to be sent c/o VK QSL Bureau in Sydney and they will be answered thru the various Bureaus,except where a direct reply is requested and accompanied with sufficient return postage.

Now here is the important thing.The frequency of VK2AYY will be monitored at all times by the VK gang in Sydney who will send out the QSL's and they will positively black-list any station and will not send a QSL to anyone who breaks any of the following requests:No calling closer than 20 kc up or down from VK2AYY?LH freq.----Positively no QSL will be sent to anyone requesting "Listen for my phone".----Breaking in on a QSO----Call sending----long winded QSO'S----requests for sked.

Via-W9FKC.

W7ZD sends us a copy of the above rules but says his call will be VK2YY/LH.

Clyde Norton,WØELA
Madrid Spain

May 28,1958

I have some very bad news to report to the WCDXC.I was in Portugal on business last week and came over to Madrid to discuss several things with Luis,EA4BH,ex-EA9DD(Rio de Oro).In accordance with rumors,Crescencio EA9DC(Ifni),has supposedly been living in Madrid.I hoped to visit EA9DC with EA4BH present to determine if anything could possibly be done to obtain a photostatic copy of the Ifni log as a basis for the issuance of QSL's.If this approach failed,I intended to discuss with Luis the possibility of an Ifni expedition.

Upon meeting Luis's son(whom I initially assumed to be Luis) in the lobby of the Hotel here,I was tremendouslyshocked to learn that EA4BH is dead.Luis developed a blood infection on January 4 as the result of a minor cut on the finger.His condition was not considered to be serious until January 12,and he died suddenly on January 16,Ham radio has lost an outstanding member!

It is relatively insignificant to report that Crescencio is not living in Madrid but has returned to the Canary Islands.

It will be of interest to know that EA4BH's son,Alberto,is now studying to become a radio operator.Alberto has been assured that the call,EA4BH,will be reserved and will be assigned to him as soon as he can qualify.In this way,the call,EA4BH,will again return to the air.

Alberto is also training to become an airplane pilot.Who knows but what some day he will fly to remote spots,as did his father,to put some rare DX country on the radio map.

73,
Clyde Norton

Many thanks to Clyde for the information about EA4BH.Clyde also visited with HV1CV and reports that Domenico should be back on the air by the time you read this.He has a new 4 element beam that includes a mechanism to provide for tilting the elements.Domenico is studying English and hopes to master the language as soon as possible. From Rome Clyde flew to Paris and talked to F2BH,ex-FB8DR.He informed Clyde that FB8CD will return to Comoros in 4 months **********

Danny,VP2VG reports that he will sail for Aves Island(YV0) on July 1st. He expects to arrive July 3rd.He says he will stay until July 10th then sail back to KV4-land arriving July 12th. YV5CQ and YV5ABD are going along with Dannyand he said he wished he had a "W" to go along too!

***

Overheard,and strictly a rumor,that an XE1AE was operating on 1A131kc. yesterday(6-15)am.

PY2CK with call of PY0NB will accompany PY1CK and others on trip to Trinidade in September.

A NOTE FROM W1WPO,WITH ANNOUNCEMENT THAT WILL APPEAR IN JULY QST,SAYS THAT ALL CREDITS FOR CURRENT ZL1ABZ OPERATIONS WILL BE DISCONTINUED AND DELETED.[illegible] CREDIT WAS THEN GIVEN [illegible]

I heard XE4A on July 15,1958 at 1720 GMT on 14040 A1.Said he was going to QSY to 14150 for A3.Did not hear him anywhere! DE-W5CEW

*

The trip to PX3PC is delayed.Possibly until 1959.
VE8AD is in holiday(call F8VD) sending out the last 250 QSL.
In VE8TY,the chief-radio has suspended all amateur tfc because QRL on...QRM to meteo gezral.We hope Roland will be on soon. DE-F9RS

Noor,AP2U wishes to thank his many W friends for the pleasant QSO's he has had.There are NO amateurs on in Pakistan.Reason undisclosed,duration indefinite.
4S7PJ gives no more of the same.A state of emergency has been declared and all 4S7's have been ordered to turn in their transmitters to the nearest police station.
Fabio and Liz,of I5FL are on two months vacation in Italy.
Andre,FU8AD has several states on his WAS wanted list.If I can set up sked I will advise through Bulletin.
Worked VU2MK on 2 wat SSB last week,twice.He has 15 watts PEP.
Also heard VS2A/vist nam-Randy calling "CQ" DE-W6AME-Cal

Reg,W6ITH going to Anguilla(VP2A) as VP2RT sometime in July,mostly SSB.
Art,VS1MK and the VS1 boys are trying to get the licensing arrangements straightened out on Pitcairn so they can operate from there as VU5 in August.Rumor has it that VU2GT/p is in Zone 23.--------Cyril,VQ8AJC on Chagos now signing VQ8AJ/U.--------NP4DEW and NP4BEK both now active on CW from Bahrein Islands.--------Long story about Peter,VS9O most of which cannot be told.He is now QRT.He was operating mostly 21 mc. Fone from the desert 400 miles inside the Oman border.Apparently very little chance of his getting on again due to objection of authorities.--------Very good write-up on DX and contests by Bill Leonard W2SZE in the current issue of SPORTS ILLUSTRATED.--------YA1JE active on 20 Fone from Guadalcanal.--------
ZC5VZ on 20 CW from British North Borneo--------PA0FO and the boys definitely NOT going to put FM7WF on the air from Andorra this July due to the local situation.--------Jeff,VS9AP going QRT from Aden the latter part of the July-on the way back to U.K.--------. DE-W6ITY,John

W6BKP,George has some info about NEPAL that was in May 26 Wall St.Journal to Evelyn W6NTP.She and her OM are considering a trip there and George, VQ4AQ is working on them to go.They have their Ranger and equip. with them in VQ4-land.Their only worry was,could they get out if they got in. The article BKP sent them seems to clear that up as there are 42 Americans and their families there now. DE-W6BKP-George

W4XIV sent a new Xtal to ZC3AC.14034Mc.VE3LW is still handling some of the QSL's for ZC3AC.

Operator for CR1ØAA landed in Hong Kong this week to be shipped on to CR1ØAA.

ZL3VB,Jack Ryan on Christmasisland is applying for a license to operate on 20 meters.W7EJD and myself have shipped him a 100 watt CW rig to Jack,ZL2GK who will supply the power supply and send it along to Jack. VE1IC is on with the new WRL Globe Scout donated by Leo and he sure bangs in here.He hapen to use the freq. of 14190 and 14060kms. DE-W7PHO-Bill

W7PHO has been keeping skeds with FE8AJ and found out that will be willing to make a trip to Wallis Island(FW8) if the WCDXC boys can rake up enough dough to pay his expenses.Once a month a DC3 leaves New Caledonia and goes to Wallis Island on business and stays there for 52 hours.The plane fare is approx. $120.00.FK8AS has permission to operate from Wallis and could stay with FW8AA.He would take his DX-100, W7PHO says,"I believe that we should do our upmost in raising about $150.00 and sponsor this expedition to Wallis Islands.I believe that by asking for donations we can get this much money together-the$120.00 for the trip and the remaining $30.00 to take care of the QSL's and definite NOT one of these dollar deals.There would be no sked deal but everyone would take their own chances in working him.".

Editors note- Surely enough WCDXC DXER's still need FW8 that we could raise this small amount.If you think it is a good deal and decide to help you may send your contributions to me(W5ONG&W5KBU ØBox 99 Odessa) along with a self addressed envelope(don't forget the postage will have gone up by the time they will be mailed back!)If it works out we will use the envelopes to mail the cards back and if it falls through we can mail your money back in them.Be sure and put your complete address and Call letters on the envelope.(One WCDXC member sends in a report every week but never puts his call on the reports!)

Got my WAZ-1st VE2 and 20th VE. DE-VE2AW.Congratulations Don.I hrd you wrking Danny,YVØAB.ed.

*

Via WS1C:WS1A left on TWA for states on 7/3/58.He sold his SSB rig to a VE5.Hal,WN1D will remain active untill Oct. 59.------From VP2LO:I am using a collins TCS5 RX with a converter as per Nov. 53 QST.The converter is unstable and has high backgroung noise.This explains why I can work only strong stations.(He is Xtal on 14058 and works a little 7 mc.)

DE-W4QCW-John

A note from W4KVX clears up the questionsbout WAZ application blanks. They are avaible now.However they are not necessary.The cards tell the story!But a check list accompanying the cards is a must,indicating of transmission of each QSO if the applicant wishes to use phone confirmations with his CW/Phone application for a later All-Phone WAZ. Please print or type your name in the way you wish it to appear on the certificate.An new sheet of WAZ rules,information,and complete list of zones with all prefixes in each zone,up to date,in now in print and availble for the asking.Return postage included with requests would be a kindness.

-----NOTICE-----

The WGDXC will hold it's annual election of officers at the OKLAHOMA CITY CONVENTION,July 26th,1958.The meeting will take place right after the DX luncheon in the same room.To this date,I have received no nominations for the officers of the club.Please give this your serious consideration and mail your list to Brad A. Beard,c/o Biltmore Hotel,Oklahoma City,Okla.We need nominations for the Pres.,Vice Pres., Secy-Treas and volunteers for the Editor or Co-editor of the Bulletin. The WGDXC has had a good year.The Co-Editors Clay and Bus aided by Soupy have done an excellent job. The time they put into the Bulletin was certainly beyond the call of duty.and they may well be proud of the results.As always,the Editors are the very backbone of the WGDXC.They have earned a rest.It is normal to change officers yearly and the constitution prohibits re-election unless the officer gives written permission that his name may be entered for re-election. So,FIFTH district members rally to your duty and nominate others or volunteer yourself for the various offices of the club
The WGDXC membership stands at an alltime high of 235 which makes it a going concern.We have never attempted to have merely a big membership.The Treasury has a balance of $399.00 after a year of rather heavy operating expenses.The club bought a new duplicator, a typewriter and paid off a $100.00 contribution.The Treasurer,Cap Beckley has run the office conservatively and smoothly.The Ranger Certificate issued by the club is known world wide.The number issued is over the 200 mark.The demand for the Ranger is increasing daily and it is no small part of the Clubs operations.The certificate itself is now in demand as we have pursued a policy of giving CQ or QST only to stations meriting them.Only half a dozen such mbs were awarded during our term of office.The Ranger logs have enabled some of the members to get credit for DXCC that they were otherwise unable to obtain.So,fellow members,this is more or less our annual report of Club operations.I would like to thank all the members for their support and their contributions to the Bulletin,members that cover everydistrict and several foreign countries.Thanks to Bus,Clay,Soupy and Cap for a job well done.See you at Okla.City,73,Brad-W5ADZ,Prexy.

G3PFK tells us he QSL's 3DA0 via Soc.Bul. DE-BCDXB

Jerry received from Stan Darling VK2AD,says that his mod antenna was blown down in storm on July 12.He is expecting VE2CV 13M rig in next plane.He says he will try to get up some sort of temporary antenna so he can get on the air on SSB. DE-W4LRV

This is all the news that came in this week.We heard on the air that Jerry would be on from British Virgin Islands around the 22nd of July.Several guys expected to come on a couple of days earlier. Seven fellows kicked in on the FYS deal mentioned last week.There leaves about $114.00 to go.If you interested in getting FYS this gives you a better chance than you have sometimes in an airplane leaving New Caledonia for Wallis Sept.1st.If he goes as estimates he can make about 500 contacts while he is there.He would have 2 Ital freqs and run 50 watts as he can't take his 32V0 because the voltage on Wallis is not right for the 32V0. VK3GK planning Lord Howe activity in the near future -- only. -de WØTXW es "TIP-OFF"

FK8AS-FW8 expense fund is still short. Those wanting a good chance at Wallis Is., send what you can to WØDAC, Box 99, Odessa, Texas along with a SASE (4¢). If the trip fails thru, your contribution will be returned. If not, you will receive special info on Freq for donors for either cw or fone contact. Pwr is available, es operation will be continuous for entire time with both FK8AS es FW8AA operating. Any surplus contributions will be returned to the last donors at once. Exact time & date later. OK?---de Ed.

Our best wishes to Jim, K5ABJ es Gay, W5VHR for a very rapid convalesence---de ed.

The time and effort in publishing this bulletin has been more than compensated for by the vy nice letters received from quite a few of you. Our sincere thanks. Bus, Clay, Soupy.

HELP WANTED-- as all of you know, Jan, OK1WX, has done a tremendous job on the ZYIAA situation. Now he is asking for a little help in return. If any of you can supply the QTH of any of the following, please send it to us to forward on. HL2D, '55; HL2G, '55; HL2W, '56; EP1A, '47; EP3D, '47; CE7AM, '54; HS6AH, '55; TA3US, '55; TA3AD, '47; TG9AD, '55; VU2AI, '46; VP6CW, VP6FR, VP6PJ, VP6WR--de ed.

If all goes well, a number of our club will operate from Clipperton Island during at least a two week period in August. The only thing that keeps us from saying at this close time it is definite, is that a legal YL license is not in hand. In the event the operation is carried out as planned we will ask fellow DX clubs, such as yours, for donations to help us defray the expenses, which will amount to something short of $190. Free passage is assured, plus food, and a KW-1, but our man will have to fly from Panama to San Diego, as the passage that will take him from San Diego to Clipperton, and hence to Panama will not return to this area for some months. In the event the operation does materialize you will hear from us.---- de San Diego DX Club--W6LRU es W6CAL

Mail tks to the San Diego Club for their contribution for FK8AS-FW8 trip. Anyone wishing to help on the Clipperton trip, send it to W6CAL--debd.

"NEWS"

A report of the WGDXC meeting held at Oklahoma City July 28-29.
Election of Officers:

There were no volunteers for the office of Editor and Secretary. W5KEU and W5GNC agreed to publish the bulletin for another year. W5VHR will continue as Secretary.

W5KC and W5CEW were nominated for President with W5KC winning the election.

W5KU and W5FFW were nominated for V.P. with W5KC withdrawing. W5FFW was elected by acclimation.

With W5ADZ automatically becoming a member of the policy committee as retiring President.W5AFX,W5CEW,W5LUU and W5VU were elected members of the policy committee.

On motion of W5VU the following was unanimously voted:To commend the officers and editors for one of the busy years of progress for the club and bulletin.

NEWS

I operators Vic,Ben and ? on with VS9NA on 21mc. phone from Maldives. EX3IO says to tell the W Boys NOT to send US postage stamps for QSL's as they are no longer any good in the Canal Zone.
Station on 20 CW Saturday 7/26 signing VP9RA.Said to QSL via VP9AB. Anyone know anything about this one?
Mary,FB8RK is supposed to be back on Tromelin Island but not yet on the air.That will be a good pileup the day he reappears! DE-W6YY

**

Jerry,FY2CK tells me Trinidade Island trip is still on for late October,or early November depending on when the Navy has a ship going there.FY1CK,2CK,1NG and 7AN are going,taking new Apache and DX-100. Will be on CW,AM and SSB.They hope to be there a week or 10 days. Calls will be FY9NA and NB. DE-W8YIN

Can anyone give me correct address of following so I can QSL direct.Will appreciate some help.UF6PB,UG6AB and UJ6AC. DE-W9EU

**

VK2FR,Lord Howe Island will be on phone next week. DE-W4HA

**

Via VS1FJ-VQ9CU on 21mc. only.Z36UR worked him on 21281Kc.------
VS9MA new station on Maldives is using TX-35 and Xtal freq. of VS1BB/VS9. Receiver is an AR88 and Don ex K9TAD is the main operator.------
Xtal chipped to ZC3AC is 14053 and he is now active on that frequency. The VS1 boys have obtained all necessary permission and transportation to GET TO the Nicobar Islands but NO permission from Indian government a as yet to operate. DE-W7PHO

**

We have received $117.00 toward the $150.00 needed to send FK8AS to Wallis Island.Only $33.00 more needed.
K4LNM has shipped the Dynamotor to FK8AS via Pan-American Air Lines. They assured him that it would be in New Caledonia within 4 to 5 days. WA1CQH donated the Dynamotor and K4LNM spent 5 hours filling out papers from Dept. of Commerce,Customs & etc plus $36.53 of his own money.I hope we can get the $33.00 so his and the rest of the guys hard work won't have been in vain. W7PHO has assured us that FK8AS will have a list of the contributers. DE-eds

**

As a note of possible interest to NCDXC'ers.W7PHO told me not to mention it yet but if the FK8 deal turns out OK he though he could interest someone in going to KW7-land.Don't ask me who. DE-eds

**

KW6AL showed up on 14120 last week working with VS2DW.Name is Frank, Running Globe Scout,SSB and long wire antenna.Says he is looking for W's.(see QTH'S for complete address.)Got his QSL in 7 days!DE-W5KBU

**

KL7DX says there is a remote possibility that Mike,KH6ADZ will be on 20 meters for one week in September.Jack is trying to work it out and it looks pretty good. DE-W7PHO

CLIPPERTON ISLAND
OPERATION AUTHORIZED
FO8AT TO BE ACTIVE AUGUST 7th THRU 26th

On Friday,1 August, a member of the San Diego DX Club left with gear for Clipperton Island DX-pedition on a Scripps Institute of Oceanography ship.He will operate from Clipperton approximately the 7th through the 26th of August,using a donated(loaned)EDL-1.The chief frequencies will be 14050 for CW and 14315 for SSB.
ON CW CALL TO BE DONE ONLY,OR WHERE INDICATED BY FO8AT
ON PHONE,HE WILL DESIGNATE THE TURNING FREQUENCIES.
ALL QSL CARDS GO TO W6KSM,GEORGE KEELER,6738 ROLANDO KNOLLS,LA MESA, CALIFORNIA.
The San Diego DX Club is sponsoring this DX-pedition.It is not asking for $$ per QSL.It will,however,accept donations to help defray expenses for the trip,which include plane fare for the operator from Panama back to San Diego,as the Scripps ship will remain in the southern area for some time,and the operator must return to San Diego by early September. The Scripp's ship will take the operator from ~~Clipperton~~ Clipperton to Panama on August 26th,where he can then fly home.
Please pass on all European and DX Stations ,especially FB3 and stations in the 7 call block that FO8AT will be looking for them daily from 1500 GMT to 1800 GMT,and keep along his frequencies.
If this expedition meets with success,and the club does not go broke, there is the chance that another expedition in November to another Southern Island will be made.Keep your finger crossed.

I have had two phone QSO's with him each on 21mc, both times he was on 21297 at 1421 and 1842 GMT July 26 and 30.First QSO he was on AM 2nd time he used SSB.He said he also used 21300(I heard him on 21195) but had better luck on 21297.He seems to QSO very few W stations and although I heard ~~him~~ many W's calling him on CW I did not hear any of them get a QSO.He said he would be there two and possibly three weeks longer.Also said rarely on at 14 to 1500 GMT but every day around 1800GMT. Chatham Island. ZL3DX is due to operate from here in about three weeks time.
Jack,ZL3VB,is resident of the Island and will be there for another 4 years.He is a very keen CW operator(&competent too).He will operate consistently on 20 CW as soon as his Xmtr arrives.Jack assures me he will do all he can to QSO all interested as DX will relieve the monotony of life and the terrible weather.He will listen for Phone! I have his QSL cards and will handle for those who want a return QSL in"a hurry"-hi.
Kermadec Island.Mike,ZL1AB2,will come on 14320 Phone and CW for about a week from XX 27 Sept.,if all goes well.To do this is a considerable inconvenience to Mike but he is anxious to QSO the DX gang,especially those who had QSL's discounted by ARRL.Again I will handle QSL's required "in a hurry".
For Both:Do not bother them with Cablegrams etc.Skeds can be fixed thru ZL2GX. DE-ZL2GX

MORE ON CHATHAM ISLAND

ZL3DX SAYS"As far as I know the boat sails for Chatham Islands around the 30th of this month.It takes about 2-3 days to get there.I shall be returning on the same boat in about five days time.Am operating strictly 20 meter sideband,but will answer cw or ss calls.I will not answer stations calling on my frequency and suggest stations call 10-15 kcs up or down in frequency.I will be operating on 14305 and 14316 kcs only.The transmitter is being built up by ZL1AAX(Lester).The final I think will have a 6146 running around 60 watts peak.Antenna a folded dipole.The receiver 75A-4.If anything happens that I can't make it on this boat I shall be on the next one in about a month's time. However I am booked in for the trip coming up 30th approx. Operating times will be erratic as I have a lot of work to get through.But hope to be on 0500 - 1200 GMT and later if the band holds out."

Best 73 to gang,
Wm McDee ZL3DX ex VK2CG

I understand W3YA/KW has official approval to work USA for next two months.After that,the approval will be withdrawn indefinitely.Rundy should be on around 1130 Z on 14309.
VK9AD closed shop Aug.20 as he sent rig back to Singapore.He may get back on with his own SSB rig,but probably not till he gets home to VK6 land.
YS1MS,Mike very happy to be on SSB but is awaiting new receiver to replace RC183.QSL via W3WGK with S.A.S.E.Mike using 120 watts,BW 5100 rig. has already worked 80 countries.YS3PL,YS1GA,and YS1MM also active.
KP4DBM coming through at 1200Z and 0000Z short path-haven't worked him yet.

We received information from W6ZEN,W5EGP and W5BMT that ZL3DX had told them that his trip to Chatham Isle was delayed until Sept.15. Evidently there was another last minute change of plans for we talked with W5ADZ by telephone 9/2/58.ZL3DX informed W5ADZ that ZL3DM(ZL3DX) arrived Chatham Island September 5 and will operate until the 19th.Transmitting on SSB only 14307-308-314-315 kcs. Using 70-80 watts with a 74A-4 receiver.W6ZEN has worked him with the rig he will be using on the island and said he was putting out a good signal.QSL's will go Via W6ZEN with a S.A.S.E.Floyd says this is no back a card deal,however all the QSL expenses is coming out of his pocket..Floyd also reports that Achilles,FK8AS,has received the money,the dynamotor sent by W4DQH and KL7EM and has the Xtals sent by W3HUD(14040 and 14060 kcs.)He is still waiting for the licénse from France and hopes it will arrive soon but it could take weeks.He had hoped to operate under FW8AA's call but no go!

We neglected to mention it last week but Bob,W4QDW was due to operate from Tangier Island from August 30-Sept.1.(7050 & 14100).This Island is located in the Chesapeake Bay.It is a very isolated community of 915 people who live with the 20th Century forgot-no cars etc. The people make their living by the sea and it has only been in recent years that outsiders"discovered" the quaint little island in spite of the fact that it has been inhabited since the 1600's. Bob will send you a special QSL if you worked him.

AC4AI has two frequencies available 14198 and 14160. Has small rig and poor power supply antenna. IE-W7SGN.....Pete, ST2AB would like to get Arab states on fone if he could borrow a small SSB rig. Anybody having spare and contact him at his home QTH, NAAH, or contact Bill, VE7ZM, IE-W6SA.....
Welcome to new members: K2BGM(W1AA), W7ACD, W0MLY, W4LFS.
W5GNG has worked up a deal with a local printer and expects to have 1 day service on the club QSL cards. We will have the prices and address next week.

AB2A is trying to get a license in Cambodia!

I had a contact with HC2LGI and W4LUX was operating.He told me the reason that they were not on this week-end from HC8 land was because the boat they were supposed to take to HU8 on Sept.15th pulled out on the 6th Sept,the day the boys left the states.Now they have to charter another boat and they are going to make final arrangements Monday Sept.29.Then it will be next weekend before they are on from HC8LUX,etc.etc.They are going to operate SSB,AM and a little CW. They will use the USA freq. unless the QRM gets to rough then they will shift out of the american bands.They expect to have two xmitters on at the same time.They have a EWM-1,HT32 and a Johnson Thunderbolt. Also a tri-band antenna.They also have about 3000 feet of film they expect to take. DE-W5AFX

*

I heard CN8IU say that he is going on a DXpedition from December 14th to 20th to Andorra or Monaco.With a DX-100,TA33 tribander,10,15 and 20 meter fone and CW. DE-W9RRX

*

Hear from W6NZW and others that KH6NG/ZK1 is about 700 miles from ZK1 and will probably count as KH6 or a new one. DE-W5LHP

*

KC4USK want a contact with RUGBY,North Dakota,for a phone patch. One of the men on Wilkes base is from there and has never had a contact with home. DE-WØOBW

*

W3ZA/3W has a KW final on now. DE-W8QJR

*

From FK8AS,"Have bought plane ticket for November 12 to Wallis Island. I should be on about 0900 GMT on 20 but will work 15 and 10.Tx works OK but I think I will take another rx liver". Via-W7PHO

*

From PY1CK,"Last week of October or the first part of November there will be another dx-pedition to Trindade Island.The following hams will take part:PY0WA(PY1CK),PY0WB(PY2CK),PY0WC(PY7AN),PY0WE(PY1HQ), PY0WF(PY1BIC),Operation on all bands AM,SSB and CW. DE-PAØFX

*

The San Diego DX Club will go on a dxpedition to XE4 land in November if permission can be obtained.Will probably be a party of 3 or 4 including one XE ham. DE-W6CAE

HB9WR needs two contacts for Ranger Certificate.He is QRV on 14C30 each night 2200-2300 GMT for WA2MT contacts. DE-WA2ORP

*

For the benefit of some of the new WDXC members we would like to explain the requirements for getting the "RANGER" certificate. It is available only to DX stations.The DX station must work at least 25 WDXC members and QSL them.Then he must send a certified list (copy of his log) of the contacts to the Secretary.He should not send any QSL cards.If he is the first person in his country to get the Ranger certificate he gets a subscription to his choice of either QST or CQ magazine.

Early QSO with HC8WXF revealed the following news:They have 150 gal. gas and info then more is available on the island.They have food for three for 30 days but WB4OO returned to the states.Antennas are a beam and a 7cms vertical.They'll not work much CW,mostly SSB with KWM-1 and SSB-75 with HT-32 and Thunderbolt on 20,15 and 10. They have a 40 meter antenna but can't tell yet about condx for 40. They plan no take replies by Call Areas and ask that every one be patient until your area gets it's turn.Expect to arrive Wed.night or Thur.morn.(9th or 10th).HC2OM expedited everything at Guayaquil otherwise they'd have had to come home.They plan no set frequencies or,times. CR10AA--Boat from Lisbon via Macau and Hong Kong due at Hong Kong last of this month.Generator from W3GHD will be sent to CR10AA. Rudy sent word to CR9AB that he is anxiously awaiting the generator as the batteries have given up.This is first boat to Timor since generator landed in far east.
VK9C--has Quad up on 20 and is getting out better.He is also on 21 mc.
VQ8AJ/C-- is going QRT this week end and heading backto Mauritius. That leaves Chagos without any ham stations.
KR6WF--Miyako Island going QRT and going stateside.Replacement expected to be KR6GT.KR6WF home call is K2LEQ.
FK8AS--really hot to get going on Wallis Island as FW8AS.His CW Frequency will be 14050 and stay at least 20 kcs. away as he will work both sides of his frequency.Achilles states definitely to stay "off" his freq.All QSL's to go via W5GTG.Time of operation-Nov.12 at about 0500Z. DE-W7PHO

*

KR6LP has put out info he will count as a new one,but the gang in Okinawa says this may not be so(in so many words)as the Island is in the same group as Okinawa and same Government. W5BGP

*

Del FIAFS will be operating in MD-land for at least 7 days either the end of October or during CQ WW DX test. W4GRP

*

Paul K2DFQ,thinks there is a good chance that ASKL will count the new Republic of Guinea as a new country.He advises that FF8AO/GN is active and a good operator.

*

In QSO with Ernst,RAEM,he said that there will be no activity on Franz Josef land.
Vic,VE1TG,said that it will be next spring or summer before he will go back to HV1CN.He still has quite a few QSL's to get out and it will be late October before he gets them all out.He also said to tell the boys to be patient as he is out of the cards but if anyone needs a QSL in a hurry,just send a blank card and he will fill in out and return it. DE-W5KC

*

Received letter from Joe,VS6EV and he says he and a friend Mike of VE1HU will go to VS9 soon.One will use call VS9EV.He will let me know dates which I hope to pass along to WORLD.CTH will be ZM2 Jawa Mohamed Amet,Johore Bahru,Malaya. DE-K2OEA

Following is reprint of a portion of a letter from W2WPO to W6BRA. "Regarding Pukapuka (Danger Island),it is coming up at the next meeting.I doubt that it will be given any consideration at all on separate basis for itself al one .According to the information we have,Pukapuka is part of the Manihiki group and the Manihiki group is part of the Cook Islands administratively.Don't get taken in by those red lines on the National Geographic map.Having been taked in by them once myself I know they don't mean what they look like they do.About the only basis that Danger Island would come up separate is by chopping the Northern Cook Islands off from the rest of the Cook group.That't come up before and it was turned down.It will get a rehash though at the next meeting."

From listening in on MP4BCC I heard him mention MP4TAC,Trucial Oman, who is legit.Can not get on 15 meters because of Emitter.He says times are 1400 to 1900 GMT around 14180 on Fone.
Do we have any VE1DO members around Nanty Glow,Fenna.?If so you can help to locate on TA3US and get explanation as to no QSL'S.He is W3WEN,James Stiffler.He has never answered me despite of offer of assistance.

More dope on impending Trinidad Expedition from PY2CK via PY2JU in a letter to me."First week of November five hams will go to the Island for one week,but Flavio,PY1CK,and one other ham will stay there for a month.

Ariel,KE2DO,told me 10/14/58 nothing definite yet about planned XW4-expedition.But it will take place.....
If you still need a card from ex-PK4DA send full particulars about QSO to PAØFX who will see that you get that PK4 QSL as yet.DE-PAØFX

Talked to VK9AM.Gabby, on 11/8/58 and we had just received letter from Rundy saying that he would be on the air from KW8AM,Wake SSB starting November 27th at 1030 GMT and will be there until December 3rd.
DE-W6ZRN

*

WWIIY of 6L6 fame is working on details of a possible trip to Rhd, Rio de Oro and French Togoland to take place next March or April. Does anyone know how to get a QSL from 5W0WT on Oversea? DE-W5ALA

*

I am handling the QSL's for AP5HQ.S.A.S.E. required.Ahmad is licensee and first operator and Jim,W8PVH is second op. DE-W8AMX

*

W8VDJ just received PK4DA card through PA0FZ.W8VDJ learned from PY1CR that very few cards for his first PY0 expedition reached him.PY1CR asks that you send him another QSL to the PY1 LONG address.He is now PY1 QSL manager.PY0NA should be active on 14,308 from 0130-0300Z until November 18th. DE-W8VDJ.

*

W8GZ has word from authorities in Norway that LA3YR/P is a Phoney.
DE-W8GZ

*

The ex-ZD9AE QSM that appeared in the Bulletin recently worked like a charm.I sent off a card via air mail and received one back the same way,confirming a 1956 QSO! DE-K2GFQ.
(Thanks go to K2OEA for sending it in!-ed)

*

FT8AK says Guinea authorities have not yet remembered amateur radio licencing.All French technicians including FF8AC are leaving Dec.1st.
DE-W9RBI

*

Now we come to FW8AS.As we went to press with Bulletin #44 the latest information we had concerning his trip was that he would be on the air about November 15.The next day we received the following letter from W7PHO.We postponed our annual send this last Friday night and Achille left a decision up to me.I knew the question was coming up so I contacted 3 members of the club and we all came up with the same answer.The airplane leaving for Wallis Island on November 12 is scheduled to stay for only 12 hours.Achille asked if he should take this plane.We told him NO,but to wait until a plane was going that would stay a minimum of 40 hours.This he said he would do.He has made reservations for this plane and their plans were changed calling for a short stay.This is no fault of Achille's and he is most eager to go."Bill,W7PHO.
Well-someone showed up last night(11/12/58) on 14100 and 14335 signing FW8AS.Was it Achille?? Don's know.Please hold your QSL's until we find out and notify you in the Bulletin. DE-KD5S

Club QSL's are available from W5OGS.200 for $6.50,600 for $15.00, 1000 for $25.00.Send 50¢ per 200 for mailing-refunds if any left. W5OGS,Glenn W. Fuller,1626 Fair Court,Irving,Texas.
3 day service!

You W5's that plan to attend the West Gulf Convention next year in
Galveston.Think about this:If enough of us write HQ and request that
Robert White attend the convention they just might let him come.Or
make him come.(?)I think he could answer a lot of questions and make
a good speaker for the DX luncheon.

Bob,TG9AD rcvd QSL for 1950 QSO with PK4DA.PA0FX is handling the QSL for PK4DA.PA0FX would like some help in getting a card from YS1MS or YS1O. If any of the boys could help Dick I am sure he would appreciate it.

*

Robby,VQ4ERR,has just notified me that he will operate from Arusha, Tanganyka as VQ3ERR on December 12,13,14 and the morning of the 15th. It will be SSB only with a KWM-1 on 20 and 15.He has the DX adapter. During the first two weeks in January he will again visit VQ1 for about four days with additional operators so that the rig will be on the air night and day.The big one is set up for August 1959 for a stay of at least two weeks in the Seychelles,VQ9.
QSL cards will be supplied by the Richmond Amateur Radio Club for all these expeditions.Mail goes to W4IYC with a stamped sal-addressed envelope. Contributions will be accepted to pay the expenses of the additional operators who will accompany Robby.While contributions with the cards will be welcome,they will have no effect on the speed with which the return card goes out.The S.A.S.E. is the important thing. U.S. AMATEURS MAY RECEIVE AND DELIVER THIRD PARTY MESSAGES FROM PAN-PACIFIC SCOUT JAMBOREE IN NEW ZEALAND.

Upon request of the Government of New Zealand, the Commission, with the concurrence of the Department of State, has authorized United States Radio Amateurs to receive from New Zealand amateur radio stations, and to relay and/or deliver third party messages which are originated at the Pan-Pacific Boy Scout Jamboree to be held in Auckland, New Zealand, January 3 through 10, 1959 and which are destined for locations within the United States, its Territories and Possessions.

It is to be noted that this is a temporary arrangement, limited as to the international handling of such messages to the above-stated period and that this arrangement does not otherwise modify or revise the Commission's 3d Bulletin 1005 concerning International Amateur Radiocommunication dated October 1957. The terms of the request from New Zealand do not include provisions for relaying by United States amateurs of third party messages destined for foreign countries or for the transmission of third party messages from the United States to New Zealand, and such relaying or transmission is not authorized.

Card from W1TYQ to W4QCW says: Sorry for the delay in HV1CN QSL's but I'm out of cards. Don was supposed to meet me at Rome airport Oct. 26 with more cards but he didn't show. I requested permission to use some cards W1QCT printed for me but Don said "no" as they had to be approved by the director of radio, so I can only wait until I get some more from them. I'm going to be at Rome airport Dec. 7th and Don said he would meet me and give me more cards, so I hope he makes it this time as would like to get the QSL'ing cleaned up.....Vic W1TYQ.
Brad 3V1QS reports there are 3 stations on Rhodes. He is on SSB but not very active due to carrying 2 jobs. 3V1WD is on AM but currently inactive and novice 3V1WAE holds forth on 21mc CW.....
LA5VC reports he is the only LA on SSB at the present time. DE-W4QCW

Bad news boys! George, [illegible], is in the hospital (with KNW-1) for treatment on his leg. He says the big expedition will be held up until March. He will be on in ZA land in April. DE-W1WDD

W3GHD still awaiting word from CR1QAA.

[illegible] says that Achiala would pick up the Zealand [illegible] logs for the PWBAC deal. W6AIW and W6UAS told W5KBU 12/9/58 that Bill had received the logs but was waiting to clear up something about them.

VS6BA is now located in Kuching, Sarawak and is holding skeds with W5UX. W5UX says he will try to help any of the DXCC members only get QSL's for previous QSO's. DE-W5UX

Little bits from QRM by W4KKI:TERRITORIAL OMAN.A sked to QSO John,MP4TAC, can be made through KX4DX or K4KFT.....NEW TAN.AC5PN is now active 1300 to 1500GMT daily on 14005kc CW only.....TIN5T.Don Seal,AC4AX, is still active Tuesdays 1300 to 1500GMT on 14102kc.He has rather temporary modification.....ZANZIBAR.VQ1RET and VQ1WR will be active on 14mc SSB and AM and 28mc.AM on about December 15th for an unspecified period.....VQ1ERR will be on SSB about January 2 or 3 for sure.... ....Sweden SM5AS,in Visby,on the Island of Gotland,now works 14mc SSB from 1100 to 1300 GMT.....COCOS-KEELING.VK9LE should be on SSB any day,now,running 100 watts plus.....New Hebrides.Look for FU8AE on 14340 to 3A5 CW mornings US time.....LAOS.Syd,XW8AH will definitely QRT the end of this month leaving LAOS shortly thereafter. All last minute QSO's and queries on QSL cards that have not been received after a reasonable length of time should be sent to him at: S.S. Wagoner Jr.,16541 Comstock Road,Route #2,Grand Haven,Mich..... SVALBARD. ex SM5ACT/la/p now SM5ACT is clearing his back QSL's. More bad news on OK1KZ.And OK1AB relaying emergency for California in request of very special drugs.Some OK1KZ is in very bad condition. Already lost one arm and may lose other.May face death if drugs do not come through.....
In QSO with 3A2AF Bill,says that he has any word of CN8KU's arrival. DE-W1WDD

*

More information on the FW8AM trip comes from W7KMC.It seems that the flight plans were changed again at the last minute and the plane would stay the 50 hours.As it turned out even though he was on the Island 60 hours he was able to be on the air only 36 hours.Even though he had permission from New Caledonia and the license from France they were not going to let him operate.He finally convinced them that he was part of the IGY program and they let him get on the air but would supply only 2 batteries for him.
Bill says Achille plans to go to Chesterfield or Lou Island very soon to help set up a radio relay station and he will take his DX-100.
